Dear Examiner:

Further to Applicants' Duty of Disclosure pursuant to 37 C.F.R. §1.56, Applicants wish to bring to the Examiner's attention the references cited on the enclosed Form PTO-1449.

The listed references include references previously cited in this application. Newly cited references are indicated by an asterisk (*) on the enclosed Form PTO-1449. Pursuant to 37 C.F.R. 1.98(a)(2)(ii), copies of the newly cited U.S. publications and/or patent documents have not been included. Copies of the other references have been included.

There are references that were formerly referred to by their publication number and/or application number. They have been updated with their issued patent number and/or publication number and are noted with a pound sign (#).

It appears there was a typo in a U.S. patent application number cited in previous submissions. U.S. 20080240046 was incorrectly submitted as U.S. 20080024046. Further, this application has issued as U.S. 7,873,328. This correction has been made and the issued patent number is noted, marked by the “†” symbol followed by the pound sign (#).

Additionally, it appears there was a typo in a Japanese patent number that was listed as corresponding to correctly cited U.S. patent 5,412,659. U.S. 5,412,659 was incorrectly listed as corresponding to JP 07-141362; the reference which was supposed to be cited is JP 06-141362. This correction has been made and is marked by a “†” symbol.

Finally, it appears that U.S. 5,487,180 was incorrectly marked as corresponding to JP H7-075154; it corresponds to U.S. 5,579,374. This correction has been made and is marked by a “††” symbol.

It is respectfully requested that the Examiner consider the cited references and return an initialed copy of the Form PTO-1449 indicating his consideration of the cited references.

Respectfully submitted,

Ozluturk et al.
